Attn: Lisa J. Thorvig, Supervisor

In reply to your information request of May 31, pursuant to the Kummer Landfill at Bemidji, I wish to inform you as follows:

Question #1 - The St. Regis Culvert Operations, Wheeler Division, Bemidji, Minnesota, has never, to my knowledge, disposed of anything at said Kummer Sanitary Landfill.

Question #2 - Not applicable.

Question #3 - Not applicable.

Question #4 - Our facility is a steel fabricating operation. All steel cuttings and/or shearings are accumulated and periodically sold to a local junk dealer (Northern Auto). The only other solid waste originating on the premises - i.e., office and lunch room trash, is regularly collected by the City of Bemidji Sanitation Department.

Question #5 - Not applicable.

I trust this is the information you desired.

Yours truly,
